Announcement

2019 marks the 20 year anniversary of the FEALAC. Since its establishment, FEALAC has served as an effective and distinctive medium to bring East Asia and Latin America together on numerous areas. Furthermore, as international influences of these two regions have been expanding, FEALAC's role to facilitate collaboration between two regions has become more important than ever. Thus, the 20 year anniversary can serve as catalyst for FEALAC to increase public awareness and to enhance its organizational capabilities. We kindly ask our members for their active participation and cooperation in 2019 FEALAC events.
